3:11 PM

The Chair, Jeff Barrette, opened the meeting and led all in the *Pledge of Allegiance*.

Agenda Item No. 1. Sullivan County Health Care Administrator's Report

Agenda Item No. 1.a. Census

Mr. Purdy reviewed the following reports [Appendix A.1-6]

- ✓ Medicare, Private, Medicaid, HCBC (Respite), Managed Care, Medicare B Revenue: this is the last report for FY13 data and draft; they have an approximate \$40,000 negative variance for the month.
- ✓ Revenue Review thru 6/30/2013: Medicaid Assessment is calculated as three (3) payments, with another payment pending should be \$10,000 \$20,000 either way; ProShare came in close at 2.181Milion that created the positive variance; due to long term standing Medicare is increasing; won't have penalty on bed tax next year, which will impact ProShare; 2% sequestion for Medicare Part B has kicked in.
- ✓ Sullivan County Nursing Home Quarterly Resident Census: 136.4 Avg Census, which is higher than last year; 131 patients through July 14th with 2 skilled and 1 private.
- ✓ Summary Admission / Discharge Report for June: 8 admissions and 6 discharges
- ✓ Summary Admission / Discharge Report 7/1/2012 6/30/2013: 115 admissions and 116 discharges.
- ✓ Interim Aged Analysis

Mr. Purdy will bring updated write offs to next meeting. Barrette requested write offs viewed every six months, suggesting to do so in April and October. Purdy noted, they are working on a large account with an attorney; SCHC final shows approximately, \$189,000-\$200,000 under budget. Chanis indicated the allowance for bad debt has been shrinking for, at least, two to three years in a row, and is reflected in the balance sheet.

Agenda Item No. 1.b Staffing

No key positions available. Mr. Purdy noted, Cindy Brady has made a nice addition to SCHC. Purdy confirmed there is a little bit of agency use for vacation coverage. Nelson stated he'd rather see some agency vs. staff doing 'double' shifts.

Agenda Item No. 2. Department of Corrections Superintendent Report

Agenda Item No. 2.a. Population Census Review Mr. Chanis noted Supt. Cunningham and Capt. Roberts were unable to attend today's meeting. The *July 15th Daily Report from Sgt. Coughlan* was distributed [Appendix B].

Agenda Item No. 3. County Managers' Report, Greg Chanis

Agenda Item No. 3.a. FY '13 End of Year Financial Update

No report printed as it's the end of the fiscal year, the report would be inaccurate as they've left accounts open to do end-of-year payables and receivables. Things look good in large part to the ProShare payment. He anticipates an increase in Fund Balance close to \$1.5 to \$1.7 million - another good year.

Agenda Item No. 3.b. Biomass Project Update

Mr. Cressy noted work is progressing; underground piping work in progress – they are starting to dig towards the DOC to get the steam lines in; the main floor is being poured this week; anticipate delivery of the boiler – on 4 tractor trailers - next week; the building should go up in about three (3) weeks – the material is here for the building; weather has not held things up too much. Mr. Chanis noted, the anticipated completion date was September 30^{th} , they expect Woodard and Curran will request a no cost extension, due to rain issues, with the completion date moved to 10/30/13 - this opens negotiation flexibility for extras.

Agenda Item No. 4. Commissioners' Report

Agenda Item No. 4.a. Old business None.

Agenda Item No. 4.b.i. New business: Upper Valley Lake Sunapee Regional Planning Commission Membership Dues Request

Comm. Jarvis noted most all towns join and feel doing so through the County is redundancy. She questioned how the County would use them. Comm. Barrette pointed out the County dues are lower than member towns; concurred there is a redundancy, which is why he did not want to join for the last few years. Comm. Nelson noted previous rational - if something 'hits the fan' it gives us a seat at the table for not much money; UVLSRPC is targeted more towards road development, for example. Chair requested input from the State Delegates in the audience, confirmed he represented the County in 2006 and spearheaded the process to remove the membership dues from the County budget – he feels it's more urban planning and growth development. Rep. Grenier noted his opinion, based on familiarity of what they have done in his town, what they do is geared more towards town government; unless they feel a need to pay the membership he'd respect their decision either way. Rep. Cloutier supported the Commissioners not paying for the membership. He asked if <u>all</u> towns paid dues. Barrette will find out which towns paid. A brief discussion commenced. The Chair tabled further discussions and will return to their next meeting with data.

Agenda Item No. 4.b.ii <u>New Business: NACo Dental Discount Program Webinar</u> Chanis will suggest to Liz Hennig, Jessica Rosman, and Sam Fletcher to participate in the July 31st 2 p.m. webinar.

Agenda Item No. 4.b.iii.New Business FY 2013 Annual Report – Decide on author and Dedication

Comm. Barrette confirmed he'd write the report for the Commissioners. A list of ideas for the dedication of report will be given to the Board at their next meeting.

Commissioner Barrette announced County Manager Greg Chanis would be leaving, accepting a new position, and read out loud the following:

"It is with great sadness that the Commissioners have to announce today that our County manager Greg Chanis will be leaving Sullivan County. Greg's contributions to this county have been many. He helped to guide us through our financial troubles in the beginning, to the construction of community corrections center, the creation of a capital reserve and the current biomass project, proving that forward progress is possible with the right financial footing and a vision for the future. Greg will be sorely missed by colleagues both in and out of the county. He certainly left us in a better place than when he took the position. We, the Commissioners, are currently weighing options for filling the position. The county's risk management provider has been contacted and will play a key role in

county's risk management provider has been contacted and will play a key role in the discussions as we move through the process. We all wish Greg the same success in his future endeavors that he has had here in Sullivan County."

Agenda Item No. 5. Public Participation

Gail Hedrington noted she is sad to hear the announcement and asked about the process to find a replacement. Barrette noted the Board is working on that now; the last time they had to advertise was in 2003 and when Mr. Gil de Rubio left, he was replaced by Mr. Chanis as Interim Manager, who later became the Manager; they'll hold several meetings to discuss the vacancy and selection process. Nelson noted the NH Municipal Association helped the County find the Manager in 2003 and consultants assisted with finding the Administrator for the nursing home. Barrette indicated Primex – the County's liability insurer – will be assisting with the process.

Rep. Cloutier stated he enjoyed working with Mr. Chanis, he will be sorely missed and wished him luck in his new position. He noted the Delegation will work with the Commissioners on the hiring process.

Rep. Grenier expressed disappointment for the County; he's attended all meetings except one and it will be hard for him since so many of his constituents have praised the work of Chanis and the Commissioners, 'good things can never last forever and we adjust'. After August 8th, he'll do a wrap of session to discuss budget and bills sponsored, and effects on the County budget. He noted the Manager and Commissioners budget efforts allowed the Delegation to make the necessary adjustments in revenue and hopes they realize the Delegation appreciates the budget they brought forth. Barrette confirmed they try to be conservative, appreciates the recognition and their willingness to convey that to people.

4:00 Ms. Curtis left the room.

NACo Dental Discount Program Webinar—July 31st—2 p.m. to 3p.m. EST

Dear Sharon,

I hope you will attend!

NACo Dental Discount Program Webinar—July 31st—2 p.m. to 3p.m. EST

Dramatic Savings for Your County's Residents

NACo offers a discount dental card program exclusively for member counties. The program provides 5% to 50% savings on most dental procedures including routine checkups, cleanings, dentures, root canals, crowns and more. This plan is not insurance, but is a discount plan where everyone is accepted with unlimited use. Hear a presentation from key NACo staff and representatives of the program administrator, Careington Intl.Corporation on how you can easily implement this program to help your county's residents and employees with their dental needs. Only 47% of county residents nationwide have dental insurance, and many with insurance still have uncovered services. Your residents and employees will thank you for implementing this great NACo exclusive member benefit program.

- Learn about NACo's new Dental Discount Program specifics and how to easily implement the program in a member county.
- Learn about the turn-key resources available to participating member counties to facilitate a successful dental program for your county's residents.

Sign up now at naco.org/dentalwebinar

For more information on the program, call NACo toll free at 1-888-407-NACo (6226) and ask for "membership" or go to www.naco.org/dentalprogram

P.S. Additional discount medical services will be available over the next couple of months so stay tuned for more information!

Greetings,

The Commission voted at its August meeting and approved membership dues for the FY2014 year. The County of Sullivan membership dues for the next fiscal year, July 1, 2013 through June 30, 2014 will be \$765.23. We hope that you have seen the emergence of services and assistance in the Commission that is improving the region. We continue to support and advance your local efforts.

It has been an exciting year that has availed new opportunities for the Upper Valley Lake Sunapee Regional Planning Commission (Commission). An Annual Report that you can include in your Annual Town Report will be forthcoming. A copy of our yearly audit will be available on our website later this fall; if you wish to see a copy sooner, please contact your appointed Commissioner or give us a call.

Municipal and County dues continue to be a decreasing percentage of the Commission's overall budget as we continue to build the capacity of the organization. The Commission passed a budget last June for over \$1.1 million in projects. However, dues remain a vital resource for three primary reasons.

- First, in fiscal year 2014 municipal and county dues will enable the Commission to leverage more than \$700,000 in federal and state funding sources that will provide services and local projects throughout the region.
- Second, dues allows the Commission to be available for technical assistance for inquiries regarding new legislation, planning board and other board procedural assistance, demographic research, funding source notification, ordinance and local regulations assistance. We are able to use portions of dues to bring regional programs to assist communities in decision-making. In the past year, with the assistance of the Program Committee, the Commission has provided educational forums and webcasts through the American Planning Association.
- Third, the Commissions' only state funding source from the Office of Energy and Planning was reduced to \$10,000 this year. This is the only funding the Commission receives to provide technical assistance to the 27 communities within the region. With the exception of dues all other funding sources are project specific and do not afford the Commission the flexibility to assist communities when they inquire about local issues.

The Commission has created the Service Incentive Program (SIP). The SIP allows communities to use up to 15% of their paid dues each year, up to 50% of any project, toward assistance that they may need. The SIP is designed to assist communities in developing plans and taking action both regulatory and non-regulatory and is intended to help move communities closer to their stated goals and vision. For the fiscal year 2014, your county could use \$114.78 toward contracted services with the Commission through this program.

In order to better represent your needs, as members you have the authority to appoint two Commissioners to help guide this organization. Our records currently indicate that the County of Sullivan has appointed the following Commissioner(s).

No commission at this time

Please keep us up to date on any changes to Commissioner status so that we can ensure we are keeping them involved in all that we are doing. We look forward to another productive and engaging year.

I would be happy to meet with you at your convenience to provide an overview of how we can assist your community or answer any questions you may have about the organization. Feel free to call or stop by our office.

Sincerely

Christine Walker Executive Director
